Student Orientation

Welcoming the Class of 2028!

This week we had the pleasure of welcoming the Founding class of Legacy College Prep. Our students have spent the week learning about the PRIDE character values, how to calculate their GPA, and how to transition for Physical Education class. Our scholars are Working Hard during every part of their day. Taking risks by answering questions, and supporting one another in an effort to Make Others Better. We look forward to watching our scholars grow this year and helping them form habits that will make them successful in college and beyond.

Through rigorous academic instruction, values-based character development, and the pursuit of ambitious goals, Legacy College Preparatory Charter School ensures all students in grades six through twelve are prepared to graduate from college, access professional opportunities, and build a positive legacy for future generations.
