- September 11<sup>th</sup>: Betances After School Program starts
- September 12<sup>th</sup>: MindPlay After School starts
- September 13<sup>th</sup>: Parent Seminar at 6:00pm

## *Putting Legacy College Prep on the MAP* Showing Determination on NWEA MAP!

This week our scholars take the NWEA MAP assessment. This test is a nationally normed assessment that we will use to measure student growth in Math, Reading, Language Usage, and Science. Scholars take this first round in September to show us what they know coming into the school year. They will take the test in January to show us how they are progressing, and again in June to show us how much our scholars have grown. Please motivate our scholars to show determination on these assessments because our teachers will use the results to determine how to support each individual that they teach.

*Through rigorous academic instruction, values-based character development, and the pursuit of ambitious goals, Legacy College Preparatory Charter School ensures all students in grades six through twelve are prepared to graduate from college, access professional opportunities, and build a positive legacy for future generations.*
